

Known in China as “Mei Rong” the practice of Acupuncture to enhance beauty dates back to China’s Song Dynasty (960-1279 A.D.) when it was used by the Empress and the Emperor’s concubines. Today, Facial Rejuvenation Acupuncture is an amazing system to re-sculpt the face, neck and jaw areas to decrease wrinkles, reduce the signs of aging and promote a glowing complexion while supporting your overall health.

With Rebecca’s help, Facial Rejuvenation Acupuncture will safely and naturally take 5-10 years off your face revealing your inner beauty and glow. Call today for more information or come in for a free consultation.

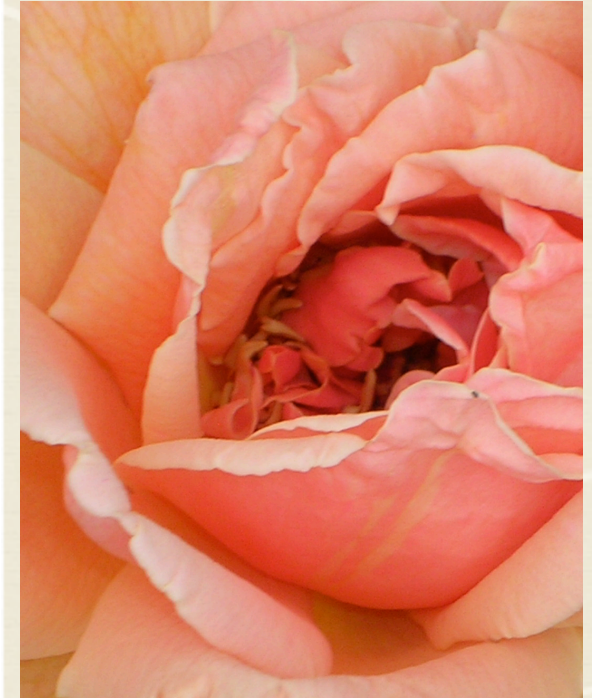

Rebecca’s interest in Asian culture was sparked in San Francisco during the Fall of 1992 when she began studying Choy Li Fut style martial arts, Wu style Taiji and Qigong. This led her to seek an undergraduate degree in East Asian Studies with a minor in

Chinese Language at Lewis & Clark College and later a Master’s in Acupuncture and Oriental Medicine (M.Ac.O.M.) from the Oregon College of Oriental Medicine (OCOM). As a Licensed Acupuncturist (L.Ac.) and a Certified Facial Rejuvenation Acupuncture Practitioner, Rebecca now has the joy of doing what she loves best - helping people become well and stay that way.

FULL FACIAL REJUVENATION:

Watch your complexion brighten, balance and heal while fine lines disappear and larger wrinkles dissipate. Rebecca's gentle, natural and ancient techniques will leave you looking younger and more vibrant. Full Facial Rejuvenation is your most comprehensive treatment option including deserving attention to every detail.

FACIAL ZONE TREATMENT:

Forehead lines & Furrows

If your forehead area and furrows forming between the brows are your only concerns, this is the treatment for you. You will receive focused attention to this area of the face along with your full body treatment. Great for a tune up before a special event, for prevention or a singular concern.

FACIAL ZONE TREATMENT:

Eyes ("Crows Feet")/Lip & Smile Lines

Your eye area contains the fewest sebaceous glands on the entire face, often making the signs of aging appear here first. Or you may only be concerned about your lips and "parentheses" or smile lines. As above, these treatments give special attention to specific areas for prevention, healing and more.
